

# MUNSING Get the WEAR Whole Family An Outfit—

And You'll All be Comfortable  
This Winter

Many folks seem to have the  
idea that Munsingwear is  
high priced.

The fine quality and careful workman-  
ship in Munsingwear undoubtedly give  
that impression.

When they find out the price of the  
particular Munsingwear style and fabric  
that they like best, they are usually sur-  
prised—and delighted.

They are delighted again when they  
put on their Munsingwear—it fits  
so perfectly, feels so comfortable.

Again they are surprised when the  
Munsingwear comes back from the  
wash—as perfect-fitting as ever.

The climax to their Munsingwear  
experience comes when they dis-  
cover how long it wears.

For any man, woman or child—  
tall, thin, short or stout—there's  
a perfect-fitting Munsingwear gar-  
ment in any style, fabric or weight  
desired.

These Munsingwear features ex-  
plain why there are now 9,000,000  
Munsingwear garments sold an-  
nually.

## SUNDAY SERVICES AT TABERNACLE

Judge N. J. Harris will be the  
speaker at the Tabernacle service  
Sunday afternoon.

The following musical program by  
the choir:  
Organ prelude  
..... Organist Sam F. Whitaker  
Selection—"As Pants the Heart"  
..... Ruth Blyth, Sterling Price and  
Choir

Gospel Restoration  
..... Mrs. Warner and Choir

## AUTO-TRUCK FOR THE CITY SCHOOLS

A brief meeting was held by the  
city board of education last night, the  
appointment of Thomas Newton as  
boiler inspector for all of the schools,  
being the only matter definitely pass-  
ed upon. Mr. Newton will also retain  
his present position as janitor of the  
Central junior high school and will  
receive \$20 a month additional salary

for the work done in his new position.  
This will include the regular inspec-  
tion of boilers and the instruction of  
other janitors in the care of them.

The question of establishing a  
school for subnormal children was fur-  
ther considered and it is thought that  
it will be passed upon at the next  
meeting. Superintendent J. M. Mills  
recommended that a small auto-truck  
be purchased for the delivery of sup-  
plies to different schools. A vehicle  
of the kind, the superintendent stated,  
would save much time over the pres-  
ent "horse and buggy" system of de-  
livery and its purchase would be an  
economical move. The matter was re-  
ferred to a committee composed of  
President Hyrum Pingree and Direc-  
tors Levedahl and Williams. It was  
thought, however, that the purchase  
could not be made at the present

shipment of meat to New York City  
last week. In speaking of the new  
market, Mr. Jensen said:

"New York's market will act prin-  
cipally as a balance for our business.  
When business is dull in the west  
and we need to move meat, New York  
City will afford an excellent opening.  
We will make constant shipments, of  
course, but they will be heavier as  
business is light in the west and  
lighter when business is brisk here."

**IDAHO TECH WINS  
FROM BOISE HIGH**  
Boise, Ida., Oct. 29.—The football  
team of the Idaho Technical college  
of Pocatello swamped the Boise high  
school team here this afternoon, by a  
score of 42 to 6. The Pocatello team  
defeated the Utah Aggies last week,  
52 to 0.

Today's game was fast in the first  
half. Pocatello was held down to a  
score of 14 to 0, but in the second  
half the Technical eleven scored at  
will and Boise never had a chance.  
Pocatello plays the Caldwell high  
team tomorrow.

**WAR'S PROGRESS NOTED.**  
Logan, Oct. 29.—Lieutenant Eugene  
Santschi has received a large military  
man of Europe from the general staff  
of the United States army. This is  
posted in the army and the com-  
mandant, by the use of colored pins,  
shows the students the daily progress  
of the war in Europe.

## KNIGHTS OF PYTHIAS TO HAVE SOCIAL EVENTS

During the coming season Ogden  
lodge No. 2, Knights of Pythias, in-  
tend making their beautiful hall on  
Grant avenue one of the leading social  
centers of the city for their families  
and friends. The first notable event  
will be an official visit by Supreme  
Chancellor B. S. Young of Indianap-  
olis, Ind., on Tuesday evening, No-  
vember 9. On this occasion an en-  
tertaining program will be prepared,  
besides an address by the supreme  
chancellor.

On Wednesday evening, November  
10, they will give a dancing party to  
which the public is invited.

On Monday evening the 15th of No-  
vember, the grand lodge officers of  
Utah will pay the lodge an official  
visit, at which time a large attend-  
ance is anticipated.

Another dance will be given on  
Thanksgiving eve, November 24, and  
also every two weeks thereafter dur-  
ing the season. Besides the above  
events, other functions are being plan-  
ned to entertain the members in var-  
ious ways befitting the Pythian order.

## ORGANIZING FOR A WEEK'S EXHIBITS

At a meeting of the Ogden branch  
of the Utah Manufacturers' associa-  
tion held in the Weber club yester-  
day, F. N. Bletcher of the Ogden Port-  
land Cement company was named sec-  
retary and treasurer. Another meet-  
ing will be held Monday evening at  
6 o'clock at the club, for the purpose  
of further discussing the plans for  
the local observance of Utah Pro-  
ducts Week.

The committees which were named  
several days ago to work up local  
interest in Utah Products Week re-  
ported good progress, at the meeting  
yesterday, the proposition of making  
exhibits of home products for a week  
having been well received by the local  
merchants. To create interest in  
these exhibits, addresses on Utah in-  
dustries are to be made in the city  
schools, churches and clubs.

## "THE CALLING OF 'DAN MATHEWS'"

Coming to Ogden.

Harold Bell Wright, the most pop-  
ular American novelist, has with the  
assistance of Elsbeth W. Reynolds,  
made into a play his most popular  
work of fiction, "The Calling of Dan  
Mathews." The play is said to have  
been proven as popular as the book, which  
holds a record of sales that nearly  
reach two million copies. The story  
is of vital interest today, and has  
been developed into a play that grips  
and holds, a play that will linger in  
the memory for a long time. Its  
characters are of the type we know  
and understand, real flesh and blood  
people who talk and act like human  
beings.

"The Calling of Dan Mathews" will  
be the attraction at the Orpheum the-  
atre on Sunday, November 7th.  
Messrs. Gaskill and MacVitty, the  
producers, have given the play a  
sumptuous mounting and an unusu-  
ally excellent cast.—Advertisement.

## THREATS CONTINUE TO BE MADE AGAINST THE GOVERNOR

Salt Lake, Oct. 30.—Many vicious  
letters, threatening the governor's life  
and predicting a general disaster for  
the city and state if Joseph Hillstrom  
is executed, have been received at the  
governor's office in recent days. The  
contents are being withheld from pub-  
lication on the theory that it will be  
easier to trace the writers and to  
guard against the wholesale threats  
of violence with less publicity.

Sheriff John S. Corless was notified  
yesterday morning that during the  
night a gang of men had posted on  
trees and poles throughout the coun-  
ty hundreds of copies of the open let-  
ter to the pardon board issued by  
Attorney O. H. Hilton of Denver. He  
believes it is the work of the I. W. W.,  
seeking to spread further misinforma-  
tion contained in the letter, which  
was a challenge to the pardon board  
to open debate on the Hillstrom case.

**Theft Investigated.**  
The sheriff and his men are run-  
ning down every report of alleged I.  
W. W. activity that comes to their  
ears, but as yet have found nothing  
tangible to indicate that Hillstrom's  
friends are planning actual violence.  
Theft of several dozen revolvers  
from the Western Arms company sev-  
eral nights ago may possibly be con-  
nected with the I. W. W. plans, and  
the sheriff is investigating. It was  
learned that a certain man had told a  
former deputy sheriff several days  
before the Western Arms robbery that  
the crime was being planned. The  
sheriff is hunting for this man who  
had advance information.

**Mysterious Telegram.**  
The sheriff was somewhat non-  
plused yesterday by the arrival of a  
telegram from a point in Massachu-  
setts, signed F. C. Bryant, and read-  
ing: "Will furnish necessary number  
of men in a given time. Sixty hours  
short notice, but can furnish from 300  
to 500. Wire all particulars."  
He had made no inquiries of Bry-  
ant or anyone else concerning the  
furnishing of men. The telegram  
came collect.

The sheriff recalled, however, that  
H. F. Gerry, manager of the Inter-  
mountain Protective Service, whose  
record and local activities in connec-  
tion with the Hillstrom case have

been under investigation, had boasted  
to him of his ability to raise from  
5000 to 50,000 men if necessary to off-  
set any strike that might be started  
in Utah by the I. W. W.

## PARK CITY STRIKE MAY SOON END

Park City, Oct. 29.—All the pumps  
of the Silver King Coalition Mines  
company property are running tonight  
and the workings are being kept free  
from water. Damage to the mine,  
which was threatened should it have  
been found necessary to close down  
the pumps because of the strike of the  
miners, has been averted.

After the pumpmen and engineers  
had been called out the night before  
by the strike leaders it was feared  
that the pumps would stop and that  
there would be danger of flooding the  
workings. However several of the  
men volunteered to work to keep the  
pumps running and Senator Thomas  
Kearns, general manager of the com-  
pany, announced that the pumps had  
not missed a stroke.

Several of the men who have been  
out on strike have returned to work  
and an ample force has been main-  
tained to keep the pumps and the en-  
gines running indefinitely. No at-  
tempt has been made, for the present  
none will be made, for the present  
at least, to operate the mine. At  
the present price of silver, officers  
of the company feel that it might be  
more economical to wait for a  
strengthening of the metal market be-  
fore resuming operations at the  
mine.

The striking miners are orderly and  
have made no objection whatever to  
the operation of the pumps. Indeed,  
many of the striking miners declare  
they are glad that the pumps are  
manned in order that the property  
may suffer no damage because of the  
strike.

Prospects for an early settlement of  
the strike were very much brighter  
than at any time since the men walk-  
ed out. A committee from the strik-  
ing miners will call on Senator  
Kearns tomorrow to discuss the sit-  
uation and it is hoped that as a re-  
sult of the conference an agreement  
may be reached whereby the men may  
return to work soon.

P. H. Neely, county attorney of

strict enforcement of the laws.

For her Industries.

For her Products.

For her Commerce.

For Enlightened developments of her Utilities.

With her Citizens I shall work for a broader, busier, better Ogden.

## ABBOT R. HEYWOOD

CANDIDATE FOR MAYOR.

Summit county, reached Park City  
from Coalville this afternoon and called  
on Senator Kearns at the Silver  
King property. Later Mr. Neely dis-  
cussed the strike situation informally  
with Norman O'Brien, chairman of  
the committee of striking miners. Mr.  
O'Brien called a meeting of his com-  
mittee and later, through County At-  
torney Neely, arranged a meeting with  
Senator Kearns for tomorrow.

Business men of Park City are elat-  
ed over the possibility of a settle-  
ment of the strike. They believe that  
90 per cent of the men wish to re-  
turn to work, and that the walkout  
was the result of a misunderstanding  
of the optional feature of the proposed  
compensation agreement, and that a  
conference with Senator Kearns will  
clear the situation and result in the  
return of the miners to work.

Sensor Kearns arrived in Park  
City early today and went at once to  
the mine. There he found a hand-  
ful of loyal men at work operating  
the pumps and engines. Several em-  
ployees who had walked out with the  
other miners returned to the mine  
during the day and went to work, re-  
lieving the men who had been work-  
ing all the night before. Watchmen  
have been stationed on the property,  
but there has been no demonstration  
of any kind. During the day some  
of the men were paid amounts that  
were due them at the time of the  
walkout, but many others did not  
bother to ask for their pay, believ-  
ing that the trouble would soon be  
adjusted and that they would be back  
to work.

The strikers have no pickets posted  
and all talk of a demonstration is ta-  
boo. The miners appear to be of a  
conservative type, not at all given to  
noise. There are scarcely any for-  
eigners among them and they appar-  
ently bear the company no ill will.
